Years compared	Year 10 total enrolment on census date 1	Year 12 total enrolment on census date	Year 10 enrolment at census date remaining in Year 12 on census date	Apparent retention rate	Actual retention rate
2000/2002	1	0	0	0%	0%
2001/2003	6	3	3	50%	50%
2002/2004	2	2	1	100%	50%
2003/2005	5	7	5	140%	100%
2004/2006	No students in year 12, therefore retention rates do not apply.				
2005/2007	5	5	5	100%	100%
2006/2008	6	6	6	100%	100%
2007/2009	5	2	2	40%	40%

Reporting Area 11: Initiatives Promoting Respect and Responsibility

Students at Heritage College are encouraged to embrace respect and responsibility on a daily basis. This is part of our spiritual values, which we encourage children to manifest. Mutual respect is a cornerstone of the Christ-like attitude of “loving another as yourself”.

During 2009 we had a focus on Values. Resilience, Respect and Kindness were emphasised.

Each term a spiritual theme is discussed at each assembly. The main objective of this spiritual theme is to encourage children to espouse values such as respect and to accept responsibility for their own behaviour.

The Awards system also encourages responsibility.

The Student Representative Council provides students with an opportunity to accept responsibility within the school context. The SRC meets regularly and organises functions and initiatives at the instigation of the student body. The SRC has arranged for the student body to raise money for charitable causes, which shows responsibility.

Reporting Area 12: Parent, Student and Teacher Satisfaction

Parents of the school are surveyed each year to gain feedback on the school’s performance. The survey showed a high level of satisfaction in all the key areas of the school. Specific areas highlighted that need improvement include the playground facilities. There have been improvements made in this area already.

Students have the opportunity to contribute feedback and constructive suggestions for school improvement through the Student Representative Council. This process reveals that there is a high level of satisfaction among the students. Areas which students recommend improvement include sporting facilities and subject selection.

The small size of the school means that staff have excellent opportunities to take part in collaborative decision making in the school community. Regular staff meetings provide staff with means of being an active partner in decision-making and strategic planning. These elements, along with the small class sizes, greatly lift the level of staff satisfaction.
